As mentioned the property has been lovingly refurbished and this includes a new bathroom, kitchen, lighting, fans, paint inside and externally.....this home is immaculate.

Given the location being right on the edge of Mossman everything is within mere minutes of the front gate, including the world famous Mossman Gorge....some would say the world's best swimming holes are right on your doorstep!

It is rare to find a property of this caliber and size in such a location, and it just keeps getting better in that there is just the ONE direct neighbour! If you want to be a world away from everything but without the distance and then there is the extra space..... this property is a must to inspect immediately.

Underneath the the home you could relinquish one or two of the many car spots to add extra rooms to increase the floor space if needs be, always good to know that an extension is a possibility if the family grows...

Easy care manicured grounds that have many very well established Fig and Rain Trees just top off the property and the bush to the rear of the house adds to the complete rural and secluded feel, excellent grounds for the kids to grow up on just like the old days.....

The motivated sellers have set a very competitive price to sell the property on the right now!
